## St. Martin Children's Strings

**Society** was initiated in 2000 at St. Martin Elementary School. Our affordable program is solidly based on high quality instruction in Suzuki and Royal Conservatory methods. Our program offers lessons in Cello, Classical Guitar, Violin and Viola to children 4 - 17 years of age. With a \$25 registration fee, paid to the society, our students receive free group lessons throughout the school year along with various opportunities to perform at events as an orchestra. Although SMCSS has been founded on rich Ukrainian heritage and operates out of St. Martin Catholic School, we welcome students Edmonton wide, of all backgrounds and faith.
